

National Officers, National Delegates, National Members

June 23, 2013

Mr. President, will you please add the following item under New Business to our National Meeting Agenda in San Antonio Texas, July 31, 2013.

Subject: Standard Golf Course Yardage at National Tournament and Local Golf Events

Purpose: To appointed a committee with the end result of determining the golf course yardage that will be use during our National Tournaments and local tournaments.

The intent is not to instruct the local chapters how to conduct their local tournaments.

The intent is to standardize golf course yardage at all National Tournaments and Local Golf Events.

Regards

Bob Featherly

President Missouri City Chapter

National Board Members

Subject: Standard Golf Course Yardage for PAGA National & Local Golfing Events

Dear PAGA Members

During the past National Meetings several delegates commented how their local Chapters conduct their local tournaments.

Examples are allowing their members to tee off from the forward tee markers.

Question: What yardage are the forward tee markers?

Another example was allowing their members to tee off from the white tee markers.

Question: What yardage are the white tee markers on your golf course? 6200, 6400, 5900.

Question: What is the average yardage, tournament chairmen's use for local golfing events?

The Missouri City Chapter tee markers during local tournaments are approximately 6500 yards or less. All members tee off from the same tee markers, except the ladies.

During the National Tournaments, what yardage is use for different flights?

Per the information on the National PAGA website, the following information is available.

During the National Tournament in Houston 2012, each golf course or flight had an assigned yardage.

Attachment title, "2012 National Tournament hosted by Houston Tee Markers", is included on this proposal.

Purpose: To establish Standard yardages with allowances for National Tournaments and Local Golf Tournaments.

During the 3rd Meeting and Workshop, a committee can be formed, to determine a standard yardage for all chapters, not only during their local golfing events, but also during our National Tournaments.

A rough draft is attached with examples.

The intent is not to tell the local chapters how to conduct their competitions, but to make it enjoyable for all members.

A member from our chapter will presented the proposal during the National Meeting in San Antonio.

Regards

Bob Featherly President

Joe Rocha V President

**2012 National Tournament hosted by Houston
Tee Markers**

Ladies flights (Hermann Park)
White(L)-4724 70.00/113

Championship Flight (Southwyck)
Green - 6914 - 73.2/127

1st – 2nd flights (Oakhurst)
Oakhurst - 6242 - 69.0/110

3rd flight (Clear Creek)
White- 6340 - 70.0/118

4th flight (The Club at Country Place)
White - 6075- 70.7/122

5th flight (Hermann Park)
Gold- 6014 - 67.90/117

6th flight & Callaway Flight (GlenBrook)
White - 6410 - 67. 2/116

7th - 8th flight (Gus Wortham)
White - 6351 - 66.60/108

National PAGA Standard Yardages for Tournament Play

Golf Course A	6500 to 6300	Championship, 1 st Flight
Golf Course B	6500 to 6200	2 nd & 3 rd Flight
Golf Course C	6500 to 6100	4 th & 5 th Flight
Golf Course D	6500 to 6000	6 th & 7 th & 8 th Flight
Golf Course A thru D	Standard Tees	Ladies Flight

The host city will attempted to follow the standard yardages.

Note: It is a possibility that the flights may change depending on participation.

Example: Golf Course "A" could have 3 flights. Championship, 1st & 2nd flight. Everyone on Golf Course "A" would tee off from the same tee markers because they are also competing in the National Seniors Tournament.

Ladies Flight: They will compete from the Standard Ladies Tees.
