From the Desk of the National President

Re: Attention to All Pan American Golf Association Members

Dear Members,

The Association has entered into an era of unprecedented episode where an uncontrolled and outside health alarm has upset the soul of this body. That a virus could and can subject this golfing society with the cancellation of events, golf scheduling and gathering of friends, which we have become accustom in our daily lives. We have also witnessed something that our founders of our Constitution never ever anticipated. The first time cancellation of a National meeting and tournament unrelated to weather.

The first responsibility is the health, safety and well being of our members. With God's help and Grace, we will come out of this to play and gather another day. We, the National Board extend our thoughts and prayer that no one member becomes affected by this health virus and that you keep yourselves and families healthy from this illness.

I applaud the New Braunfels PAGA for making the right decision to cancel the 2020 Winter Meeting for your well being under these circumstances..

Be safe and well!

Sincerely,

A handwritten signature in black ink that reads "Jesse Peña". The signature is written in a cursive style with a large, looping initial "J".

Jesse Peña
National President and the National Board Members
