2021 National PAGA Convention & Tournament
Delegates Meeting – July 28, 2021
National Secretary's Report

Welcome Delegates, thank you for taking time out of your schedule to play an important role with Pan American Golf Association. Without you there is no "US".

Thanks to Rick Rios and PAGA of Brownsville for hosting the 2021 National Convention & Tournament. We, the NPAGA board, are looking forward to a great event this week.

At the Winter Meeting I proposed the idea of getting the NPAGA name and logo trademarked a motion was made by PAGA of Corpus Christi President David Longoria to act on the idea. I have some information today that will go show what it will take to get this done. It's something that needs to be done.

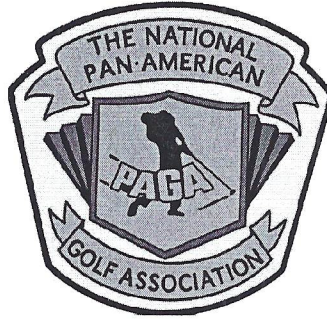

Please keep sending me your Chapter Invitationals to send out to other PAGA members, post on social media and add them to Monthly Event Calendars.

In closing, I would like to thank you for electing me in Dallas to serve as National Secretary the past 2 years. I learned and gained great experience to help me in my 2nd term. Today I look forward to getting re-elected as National Secretary for the next 2 years and would appreciate your continued support.

Kind regards,

Ernie Torres

2021 President's Reports

Today, Delegates will be voting to elect a new National Pan American Golf Association Board members. It is your responsibility to elect individuals who will abide and adhere to the Constitution, By-Laws, and guidelines without personal agendas and interests. You should select those who know have read and understand their respective duties of each office. Vote as your chapter has directed and report back to them you actions.

Once again, I bid you so long from this office, as your President. It has been a very challenging term in the presence of Covid-19 pandemic, a period I hope we will ever experience again. But I stress to you delegates to come up with new ideas and policies to handle obstacles we encountered in 2020.

This week's events shows us how valuable the experience to come together and value our competitiveness.

I stress to the next Board to take up the tasks of focusing on new directions at the next meeting.

Thank you for allowing me to serve as you National President. I am privileged to have been a part of this organization.

Thank you

Jesse Pena, National President

Trademark or copyright?

So how can you tell if you need a trademark or a copyright? Thankfully, this is a very easy exercise.

If you have a business and you want to protect its name, logo, or slogan, then you would need a trademark. Famous examples of trademarks for businesses include the names Nike and Burger King, and the slogans Just Do It and Have It Your Way.

If you have a product, and you want to protect the name, logo or slogan that you use to promote or sell that product, then you would also want to get a trademark. Famous example of product trademarks include the name "iPhone" for Apple's line of smartphones, and the name "Barbie" for Mattel's line of dolls.

On the other hand, if you have created content, then your work would likely fall under the realm of copyright law. For example, the lyrics and music to the song "I Will Always Love You" are protected through copyright. The movie Jaws is also protected through copyright. Essentially, any creative and original work outside of business names or slogans can be protected through copyright.

Item	Trademark or Copyright?
Business Name	Trademark
Business Slogan	Trademark
Business Logo	Can be both
Books	Copyright
Manuscripts	Copyright
Screenplays	Copyright
Movies	Copyright

Item	Trademark or Copyright?
Paintings	Copyright
Photographs	Copyright
Poems	Copyright
Song Lyrics	Copyright
Music	Copyright

The only exception to the general rules listed above is that logos can be protected by both trademarks and copyrights. A logo is both a creative work (which is required for copyright protection), and a device used to distinguish or differentiate a product or service from another competing product or service (which is required for trademark protection).

The general public might often confuse the terms copyright and trademark, but it's important to understand that they protect different assets.
