Welcome all to Irving, TX, we have worked hard to show how appreciative we are of you coming to joining us this weekend. We have booked one of the best golf courses in DFW for you to golf at. I would like to thank Michael Patzig, David Gutierrez, and Pete Gomez on showing dedication to PAGA of Irving on working with me to hosting this event. My home chapter is glad you made it and we really appreciate it.

As we conclude on our 75th anniversary I would like to thank all present and past Pan American Golf Association golfers on building such a great organization that we all can be proud of today. To proceed another 75 years, we will need leaders to come forward with ideas so that we can utilize to make this organization grow. The Delegates Meetings are for you to express your ideas and input to the organization. The Delegates run this organization the National Board is here to guide the organization and adhere the members to the National Constitution and By-laws.

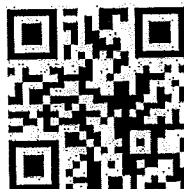

Please continue to send me your golf outings to be posted to the national website. Veterans Day is next month so I'll be sending a reminder to add your chapters golfers to the Veterans list that I currently have. Thank you, Veterans, for your service.

National Tournament Director Report
3rd Meeting Work Shop, Irving Texas
Friday Oct 7, 2022

Good Morning Delegates

I would like to start off by apologizing to the Ft Worth and Dallas Chapters. As some of you know Dallas was declared to winners of the team competition at the National Tournament. Me as a National Tournament Director made the mistake of declaring the winner by gross score when it should have been net score.

PAGA of Ft Worth won the team competition and I would like to congratulate them on winning on behalf of myself and the National Board.

It was a lesson learned and it being my first national tournament I will learn from my mistake. Once again my apologize to both chapters.

Still having chapters starting new profiles for golfers who transfer over from other chapters. For player transfers, please have the president from both chapters send an email stating that the member is in good standing. The other chapter will send an email they accept the transfer. Once both emails are received, I will proceed with the transfer. Please before adding a golfer to starter shack always check that he is not on the inactive list. There seems to be a lot of double entries in the system.

Chapters please we need to use starter shack whenever you have a tournament. I've notice chapter entering rounds why after they completed a tournament. So please commit to it. If you need help setting up the tournament please reach out to me. Ill be more than glad to help you in any way.

Please send me names and information for anyone who makes a hole in one. I would like to recognize them with a email blast.

Again I will start my zoom starter shack classes as soon as my knee allows me.

Please feel free to reach out to me if you have any questions or problems with starter shack.

From: W.J. Tomberlin, Treasurer of El Paso PAGA

Subject: National PAGA Tournament

Please review the following observations and suggestions that came to light during and after the National PAGA tournament was held in El Paso this July, 2022.

1. The Board talked about changing the format of the National Tournament and eliminating some of the functions the host chapter offers at the National tournament. The problem with not going forward with this idea is that the costs associated with this tournament are increasing. Because of the increasing costs and reduced participation, the host chapter will suffer losses or decreased results. To give you some background, in 2008 El Paso had 522 participants, in 2014 El Paso had 419 participants and for 2022 El Paso had 244 participants, a decrease of 53% from 2008 and 42% decrease from 2014. Therefore, the El Paso chapter basically broke even. In the past the El Paso chapter has generated monies from the national tournament to increase our scholarship program above what the chapter was able to generate during the year. Scholarships for 2022 from the El Paso chapter will have to be adjusted.
2. The National tournament in El Paso had skins and wagering this year. As a result, El Paso tournament team had to calculate the winning and forward the winners checks to their chapters. However, several of the chapters used their chapter checks with addresses that were no longer valid. Therefore, El Paso had to wait for the checks to be returned before they could be forwarded to the correct address. In the future, the host chapter should require an address for each chapter as to where to send checks.

Hopefully you will consider these suggestions as a way to improve the success of the National tournament.

Subject: Proposed changes to the Constitution

Delegates,

Attached are two proposed changes to Article V, Meeting Procedures, of the National Constitution. The first proposal is an addition to SECTION 2. Section 2 requires a minimum of 3 National Business Meetings per year. As we have learned from the pandemic there will be events beyond our control that prevent the in-person assembly of the delegation. The proposed addition will allow the usage for Video Conferencing services to fulfill our national meeting requirements. Note the use of video conferencing does not replace the assembly of the delegation when conditions permit.

The second proposal updates SECTION 3. Section 3 allows for the National President to call a special meeting by notifying the delegates 30 days prior to the meeting. The proposed changes include the use of email in addition to 1st class mail for the notification process. Also, for these special meetings would be conducted using video conferencing services.

Thank you for your consideration,

Robert Poor

Secretary, Oklahoma PAGA

ARTICLE V.
MEETING
PROCEDURES

SECTION 3.

The National President may call a special meeting by notifying the National Delegates by first-class mail at least thirty (30) days prior to conducting said meeting. Delegates shall respond within fifteen (15) days of the posting of said mail by the President. If the majority of said delegates favor a meeting, the President shall, upon receiving said information, name a time and place of said meeting. If the delegates fail to respond, their failure to respond shall be taken as affirmative votes and the meeting shall take place.

Video conferencing for delegate meetings.

Benefits

- Business continuity. Board and delegates can still meet and conduct business when unforeseen events cause the cancelation of normally scheduled Winter Meeting, National Tournament and Conference, and National 3rd Delegate's meeting.
- Can be used for emergency board / delegates meetings.
- Can improve attendance and representation of chapters who are unable to attend National delegates meeting. This is especially true for distant chapters who do not also make the Winter or 3rd meeting.
- Allow attendance to scheduled board minutes. Attendee's do not have to be participants but can observe board meetings. The board would reserve the right to halt the video conference when the discussion focuses on protecting the rights of individuals.

What video conferencing is not meant for:

- The replacement of any National delegates meeting.
- Video conferencing would only be used in emergencies or when circumstances beyond our control, normally referred to acts of god.

Common Platforms

- Zoom
- WebEx
- Go to Meeting

These services include audio dial in options. These options also provide controls for moderating the attendees and maintaining an orderly meeting.

All three of these options have clients for Cell Phones, tablets, and both PC and Mac computers

Subject: Elections of National Officers

In compliance with National Pan American Golf Association (PAGA) by-laws, elections for National Board members will be held during the 2023 National Delegates Meeting in San Antonio, Texas. The following positions are available to be filled. President, Vice-President, Secretary, Treasurer, and Tournament Director.

A National Elections Committee has been created for soliciting and identifying candidates and conduction of elections. Any member interested in running for any officer position should notify and/or hand in a personal resume to me or any member of the committee by close of business of the winter meeting which will be held in San Marcos, Texas. If candidates cannot furnish a resume at this time, they can be emailed to any committee member, however, all resumes from each candidate must have done so within 30 days of the winter meeting. By-laws clearly state that a complete list of all candidates and their resumes shall be sent out to each chapter within 30 days upon completion of the winter meeting. This will allow ample time for each chapter to direct their delegate on voting for each open officer position.

Nominations from the floor during the National Delegates Meeting in San Antonio are not prohibited but also not encouraged. A member nominated from the floor of the National Delegates Meeting will be considered a write-in candidate and no allowance will be made for those individuals.

Should you have any questions and/or concerns, please feel free to contact myself for any member of the committee regarding upcoming elections. The committee consists of the following personnel:
