

The Brownsville Pan American Golf Association will host its Annual Charro Days Golf Tournament on February 24, 2024 at Vally Inn and Country Club. In fact, this year the Brownsville P.A.G.A. will be celebrating our 68th Anniversary! This tournament has become part of the Charro Days festivities that are held each year in Brownsville, Texas and is one of the oldest tournaments held in the Valley. Charro Days is the celebration of our culture and heritage along the border and the relationship between sister cities, Brownsville and Matamoros.

The Brownsville Chapter was established in 1958 and throughout the decades we continue to remain involved and dedicated to our community. Our mission is to promote and encourage amateur golf. As amateur golf ambassadors, we raise money throughout the year for scholarships that will go to local high school students for their college education. Our annual Charro Days Tournament is our primary fundraiser for such cause.

We would like to kindly ask you to consider joining our efforts by making a contribution to accomplish our goal of raising \$5,000. In the next page, you will find options that you may consider. Every cent that is raised through this golf tournament will be awarded to selected, local high school graduating seniors. The recipients of the scholarships will be decided by a sub committee made up of our membership.

Thank you so much for your time and kind consideration.

All the best,

Ricardo Rios
Brownsville P.A.G.A President
